Kpop group ranking april 2019

The Korean Business Research Institute unveiled this month's brand reputation rankings for girls' groups! The rankings were based on an analysis of consumer participation, media coverage, interaction, and community indexes of different girl groups based on big data collected from March 12 to April 13. BLACKPINK led the rankings for the fourth month in a row, rising 15.94 percent for a brand reputation index of 13,572,370 points. BlackPINK's high-profile phrases included Kill This Love, Coachella and concert, while her highest-ranking relatives were pretty, sexy and beautiful. The positive negativity analysis of the group also showed a value of 72.50 percent positive reactions. IZ*ONE rose to second place this month with a brand-reputation index of 9,793,941, marking an impressive 48.97 percent gain since March. Meanwhile, TWICE came in third place with a brand reputation index of 7,235,083 for April. Check out this month's top 30 below! Source (1) How does this item feel?00000 Big Hit Entertainment If you're interested in the best-selling K-Pop Idol group right now, look no further. Data from the Korean Brand Reputation Center shows how much influence an idol has on K-pop consumers.
